---

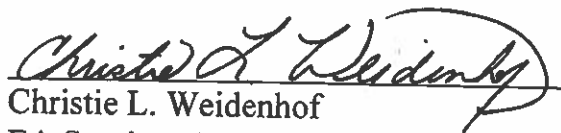

## **BOIL WATER ADVISORY FOR THE CUSTOMERS OF ESTILL, SOUTH CAROLINA**

---

The Town of Estill, located in Hampton County, advises the customers of Estill, South Carolina, to vigorously boil their water for at least one (1) minute prior to drinking or cooking.

Water distribution samples collected on May 20, 2025 were determined to be coliform positive. Subsequent samples were collected at several distribution sites as well as both active wells which returned with negative results; however, to ensure water quality, an additional round of sampling is being performed. Therefore, as a precautionary measure, the customers of Estill are advised to vigorously boil their water for at least one (1) minute prior to drinking or cooking until notified otherwise by the Department. Also, any ice made from water which has not been boiled should not be used for drinking purposes.

If you should have any questions concerning this notice, you may call Town Hall at the number listed above, or Ms. Christie Weidenhof, EA Services, LLC at (843) 592-0535 to have your concerns addressed.
